HINSON THOMAS.
Justice of Peace, Globe precinct—
WM. RAWLINGS.
Constable—
M. S. REED.
Constable—
W. C. DUNCAN.
Surveyor—
D. S. TOVEY

A BRILLIANT SPEECH

Hon. Henry Ashurst, Friday night, in one of the ablest political speeches ever delivered in Globe, presented the claims of Mark Smith in a most forcible manner. He presented Mr. Smith's entire political record from the time he entered the political record until the present time, and fully answered the questions republican orators are so fond of asking: "What has Mark Smith done?" He presented an array of facts from Mr. Smith's record in congress, that was highly gratifying to the people who have stood by him through the years he has been their representative in congress. He showed that through the fidelity of Mark Smith to the people of Arizona, one of the most corrupt schemes ever hatched in any looter's brain was frustrated. The scheme was to get an act through congress allowing persons to lease the university lands of the territory to settlers; and these lands being heavily timbered, the settler would be able to dispose of the timber to a syndicate standing ready to purchase it, and remove it from the land, thus leaving nothing but the barren and worthless hills. The timber the looters were after was worth, and it is today worth, many millions of dollars. Mr. Smith was not in congress at the time, but being appealed to by the people in the northern counties where the timber was located, and seeing the enormity of the scheme to rob the people of the rich endowment given to their university, he sent a lengthy telegram to President Cleveland showing the attempt that was being made to rob the people and appealing to him to prevent it. The bill had passed both houses of congress and was in the hands of the president, but upon receipt of Mr. Smith's telegram, it was vetoed, and this vast wealth saved to the territory. He mentioned many other things Mark Smith had done for the territory, enough to make any person of sense and decency feel ashamed to ask such a question.

The republicans of Gila county are overlooking a very important matter. They have been claiming that the race between Mark Smith and Ralph Cameron will be about even, thus overcoming the big majority the county gave Mark Smith two years ago. They have been challenged upon the rostrum by democratic speakers, and in these columns, to produce the name of twenty actual, bona fide democrats who supported Mark Smith two years ago, who will support Cameron in the present race. They have not done it. We challenge them again. Let them produce the names or shut up.

DEMOCRATIC SUCCESS ASSURED

As the election approaches, there appear to be the strongest indications of democratic success in Gila county. The party has acted wisely in putting a strong ticket in the field. Upon it are as good men for the positions for which they are named, as can be found in the county.

George W. P. Hunt has proven his ability to properly represent the county in the territorial council. He has been true to every trust the people have placed in him. He has advocated measures that are for the good of the people he represents; is a man of influence in the law-making body; enjoys the respect and confidence of all who know him; has a reputation for honesty and integrity that is known throughout the territory, and there is not a blot upon it.

John McCormick has served one term in the lower house, and by his experience and ability as a law maker, has become widely known. He, like his colleague, stands in advocacy of such measures as will bring to the people relief from the oppression placed upon them by the common carrier corporations. They both stand for a primary election law by which the selection of persons to be voted for is made by the people themselves. They stand for the initiative and referendum, the basic principle of republican governments. If they are elected the people will be ably represented in the next legislature.

J. H. Thompson is admittedly the best sheriff the people of Gila county have ever had. He has been faithful to every trust the people have reposed in him. He is one of the kindest hearted men to be found in the west. He has never mistreated a prisoner in his custody; has never had to use a gun to make an arrest, and yet has had to apprehend some of the worst criminals in the country. He will be elected by a good, big majority.

Ed T. Stewart, the democratic nominee for recorder, is one of the most worthy young men in the territory, and has proven by his conduct of the recorder's office during the past two years, that he is worthy of another term. He will be re-elected by a handsome majority.

Robert Pinyan will be the next treasurer of this county. He has made a vigorous canvass of the county, and his standing with the people of Globe, especially among the laboring classes, practically insures his election. He is well qualified for the place, and, if elected, will make the people a faithful and efficient officer.

Judge P. O. Robertson is among the surest winners on the democratic ticket. He is well known, in fact one of the best known men in the county. He will be elected without any doubt, and will continue to be the same faithful officer that the people have always found him. George Walter Shute is believed to be the strongest man for district attorney that could possibly have been chosen. He will be elected by a big vote. It is believed by many that he will be the leading man on the ticket.

Fred Neimyer has had many years of experience as a teacher and school superintendent, and is thoroughly competent to take charge of the schools of Gila county, and raise them to a higher degree of usefulness than they have ever before attained. The people can afford better to be careless in the election of any other officer than that of school superintendent. No man who has not had long years of experience in actual teaching is sufficiently equipped to advance the education of the children. The people should give the selection of a man to fill this office the gravest consideration.

For supervisors, no better selections could have been made than that of Pat Rose and J. S. Miles. They are intelligent men, are taxpayers and they thoroughly understand the needs of the county. The affairs of the county could not be placed in safer hands. They will be chosen next Tuesday by handsome majorities.

Hinson Thomas and W. F. Rawlings are among the best qualified justices of the peace that Globe precinct has ever had. They have each had years of experience in the offices they are now filling, and are among the best of citizens. They enjoy the confidence and respect of the people of this city, and will continue to be the same careful and trustworthy officers in the future as they have been in the past.

The constables of Globe precinct for the next two years will be W. C. Duncan and M. S. Reed. These men were selected by the democratic convention for the reason that they are two of the best men in the precinct to fill the positions.

D. S. Tovey is a worthy citizen and will make the county a most competent surveyor. He is worthy of the support of his fellow-citizens and he will get it. Taken all together, the foregoing list of candidates is not excelled, and can not be excelled in the county from any party. The ticket will be elected next Tuesday, without the loss of a man.

The republicans of Arizona must certainly feel proud of the success of their little man, "Windy William," in smirching the record of Mark Smith.

LEARNING "MY POLICIES."

CHEERING NEWS

From all over the country comes the most cheering news to democrats. The indications are strongly in favor of the success of Bryan for president. He is better understood by the people, and they are not afraid of him, as they were in past campaigns. The cry of the corporations that his election will bring disaster upon the country is not receiving the consideration that it did in the past. He has a united party behind him; and he stands upon a platform of principals that appeal to the plain people, a platform that seeks to protect them not only from the greed of corporate powers and predatory wealth, but to throw around them protection of the money they entrust in the banks. The plain people who are trying to save up something to keep them from want when age comes upon them, see the great protection they will have, if Mr. Bryan is elected and his doctrine prevails, and will give him their support.

Early in the year, when local politics were just budding into flower there was much war, and rumors of war in the republican camp. There were valiant forces in the field. These were arrayed against each other, and under the able leadership of George I and George II, threatened to disrupt the republican party, not only of Gila county, but of the territory. There was all the "pomp and circumstance of glorious war" displayed, and fierce and furious grow the prospects of combat. But, when the campaign grew upon the party, these contending leaders and their forces were "squashed," so to speak; "grim-visaged war" was made to have its wrinkled front laundered, and from that time on all, in their camp, has gone "merry as a marriage bell."

The advice the republicans gave their partisans early in the spring to vote the straight republican ticket is not heard now. The democrats think, if it is good for them to vote their party ticket unscratched, it will be equally good for democrats to vote the same way. If democrats do act upon the suggestion of the republicans, and vote their party ticket straight, the republicans would stand about as much chance of carrying the county as an icicle in Hades would of becoming a telegraph pole.

George Walter Shute, democratic nominee for district attorney, has been a pleasant surprise to his friends in the present campaign. Upon the rostrum, he has shown to great advantage. His speeches are delivered in a pleasant, fluent manner, and strongly impress his hearers with his sincerity and ability. The democrats could not have made a better selection for that important office.

Since "Windy William" Cleary has been relegated to the political junk pile, it would be interesting to know how much he cost the republicans. It could not have been much, though, as such "Judases" as he are on the market at all times, and they are usually cheap.

Mr. Roosevelt isn't going into the magazine business because he can't get his manuscripts accepted otherwise, however.

"Hunting jobs for Roosevelt," reads an editorial headline in the Chicago Record-Herald. They are the kind he likes.

The only thing that could possibly be a greater nuisance than keeping Harry Traw confined would be to turn him loose.

HASKELL WRITES STIFF LETTER TO ROOSEVELT

Oklahoma Governor Charges the President With Defrauding Osages Out of \$15,000,000 for Standard

GUTHRIE, Okla., October 31.—Governor C. N. Haskell of Oklahoma has written to President Roosevelt, demanding justice for the Osage Indians, whom the governor charges have been defrauded out of fifteen or twenty million dollars in bonuses and royalties on their lands by the president's refusal to cancel, at the request of the governor, the leases of the Standard Oil company upon these lands.

The governor's letter to the president is as follows:

Hon. Theodore Roosevelt, President, Washington, D. C.
"Sir: In September I called your attention to complaint at the renewal of the oil leases on six hundred and eighty thousand acres of Osage Indian Tribal lands. You ignored the matter."

"On October fifth, having further pressure for investigation, of the unjust character of that lease, and having ascertained from that the Osages, being our citizens, it was my duty beyond question to demand of you as the chief guardian of these particular lands, an explanation as to what good reason if any, there might have been for the renewal of the lease, at conditions fixed by you. I, on that date, made the formal demand of you in writing."

"October ninth, the acting secretary of the interior, writing as he stated, on account of your having referred my letter to him, his explanation was that you had nothing to do with the lease, except fixing the compensation that the land owners were to receive. I was not satisfied with the answer because that was the very thing we objected to, namely, the grossly inadequate compensation to the land owners, which was the real complaint."

"On October twelfth, I answered you, referring to the interior department's explanation, and stating to you:

"(a) That you had refused to give the Osages an opportunity to produce evidence before you to show the amount of compensation justly due to them as the land owners."
"(b) That the oil field, of which their lands were a part, was an established, rich, producing field, where royalties and bonuses to land owners were established by long practices and precedents."

"(c) That among the lowest averages the Osages were at that time entitled to at least seven million dollars cash bonus and one-half royalty."

"(d) That the Indian Territory Illuminating Oil company, a sub of the Standard Oil company, as the assignee of the original Foster lease, was by subtlety this same Osage property to operating companies, receiving much more as a bonus than the Osages would receive as the owners of the land on a one-eighth basis."

"(e) That against the original judgment of the department of the interior and upon the request of Messrs. Guffey, Barnsdale, Senator Depew and other well known agents of the Standard Oil company, you had granted an extension of the lease on the six hundred and eighty thousand acres of land at the grossly inadequate compensation of one-eighth royalty and not one cent of cash bonus."

"Pursuing my duties to the Osage Indians, as citizens of our state, I requested that you cancel that lease to the end that the Osage Indians might have an opportunity to receive by competitive bids or otherwise, an income from the oil values of their lands, which they could readily obtain, equal to the average obtained by the adjoining land owners to the north, east and the south of the lands."

"I am today in receipt of the following letter from your secretary of state:

"C. N. Haskell, Governor of Oklahoma."

"Sir: Your letter of October 12, 1908, to the president of the United States and signed by you as governor of Oklahoma, has been referred to the department of state, which is charged with the conduct of correspondence between the president and the chief executives of the several states."

"The character of this communication, which I understand to be mainly

false and which I perceive to be wholly insolent, is such that I am forced to regard it as a device to attract from the president for the purpose of a personal controversy a degree of notice which yourself would not receive personally. Respect for the state of Oklahoma, upon which you have indicated the injury of signing such a letter over your title as governor, leads me to acknowledge its receipt. The substance of the communication precludes any further official notice of it. Very respectfully,
(Signed) ELIHU ROOT."

"I regret that my duty forces me, Mr. President, to decline to have this gross injustice to two thousand citizens of our state disposed of by side-stepping or evasion."

"Your secretary of state says 'I am insolent.' Mr. President, if honest adherence to my duties is insolence, then let it be insolence, but that absurd statement from your secretary of state will not be accepted as a substitute for fifteen or twenty million dollars due to the Osage Indians."

"Mr. President, your secretary of state says: 'My demand is a device to attract from the president for the purpose of a personal controversy a degree of notice which I could probably not receive personally.'"

"Mr. President, it is immaterial to me what construction your secretary of state desires to put upon my demand, in his attempt to shield you. I do not seek prominence, but I do seek justice for the Osages, and shall not permit the Standard Oil company to benefit to the extent of fifteen or twenty million dollars honestly due to the Osages simply because it is a friend of yours."

"Indeed Mr. President, this expression from the secretary of state is ludicrous in view of the fact that you some two weeks ago descended from the dignity that your predecessors have established for the high office of president and sought to carry me down with you to the level of petty precinct politics."

"This effort to fluctuate from the highest respect in the land to the lowest practices has never been equaled in the extent of its fluctuations of his watered stock on the market. It is possible that your astute secretary of state might have advised you at that time to your own advantage, as his twenty-six years experience at his law office in Wall street, where he has guided the greatest corporations of the land with his advice, would doubtless then have saved you from the humiliation that your reckless and unreliable political associate, Mr. Hearst, led you into."

"But aside with political discussions. The question of whether the Osage Indians shall have the ordinary value of the oil upon their land, as adjacent land owners acting upon their own behalf are able to obtain, or whether we shall permit you to make the Standard Oil company a present of the greater part of these oil values is a business proposition."

"I represent the personal rights and interests of the Osages because they are citizens of Oklahoma. You are simply the chief guardian of these particular lands. Justice to the Osages requires the cancellation of the lease which you have made without their knowledge or consent, and with respect to your high offices and the most generous construction I could put upon your act would be that that lease was made through ignorance of conditions or undue haste at the solicitation of the agencies above referred to."

"Let it be considered as settled finally you will either cancel that lease yourself or the authorities of the state of Oklahoma will present the matter to congress as soon as it assembles, and see if that body will be deaf to a righteous demand for justice. Sincerely yours,
(Signed) C. N. HASKELL, Governor."
